

Gucci (Gucci)

BEP-20 Audit

Performed at block **10581837**

PERFORMED BY DESSERT FINANCE

FOR CONTRACT ADDRESS: **0xe75dd54d12e68f7a9f06d319659d129b1b037fca**

INITIAL DISCLAIMER

Dessert Finance provides due-diligence project audits for various BSC projects. Dessert Finance in no way guarantees that a project will not remove liquidity, sell off team supply, or otherwise exit scam.

Dessert Finance does the legwork and provides public information about the project in an easy-to-understand format for the common person.

Agreeing to a project audit can be seen as a sign of confidence and is generally the first sign of trust for a project, but in no way guarantees that a team will not remove *all* liquidity (“Rug Pull”), sell off tokens, or completely exit scam. There is also no way to prevent private sale holders from selling off their tokens. It is ultimately your responsibility to read through all documentation, social media posts, and contract code of each individual project to draw your own conclusions and set your own risk tolerance.

Dessert Finance in no way takes responsibility for any losses, nor does Dessert Finance encourage any speculative investments. The information provided in this audit is for information purposes only and should not be considered investment advice.

Table of Contents

1. Website Overview
2. BEP-20 Contract Audit
3. Social Media
4. Final Thoughts Web/Social
5. Top Token Holders/Wallets
6. Location Audit
7. Review of Team

Website Part 1 – Overview

www.guccitoken.net

Above images are actual snapshots of the current live website of the project.

Website was registered on 08/23/2021, registration expires 08/23/2022.

X This does not meet the 3 year minimum we like to see on new projects.

Website Part 2 – Checklist

- ✓ Mobile Friendly
- ✗ No JavaScript Errors
- ✗ Spell Check
- ✓ SSL Certificate

The website contained some JavaScript errors. Some typos, or grammatical errors were present, and we found a valid SSL certificate allowing for access via https.

No additional issues were found on the website.

Website Part 3 – Responsive HTML5 & CSS3

No issues were found on the Mobile Friendly check for the website. All elements loaded properly however browser resize breaks some elements. We found some typos throughout the website such as spaces missing between “frequently asked” and “\$Gucci on”.

Some JavaScript errors were found. No issues with loading elements, code, or stylesheets.

Failed to load resource: the server responded with a status of 404 () </img/upimages/favicon.ico:1>

Website Part 4 (GWS) – General Web Security

SSL CERTIFICATE

A valid SSL certificate was found. Details are as follows:

Offered to: guccitoken.net

Issued by: TrustAsia

Valid Until: 08/29/2022

CONTACT EMAIL

A valid contact email was found on the official website. Contact email is listed as shown below:

Contact

N/A

SPAM / MALWARE / POPUPS

No malware found

No injected spam found

No internal server errors

No popups found

Domain is marked clean by Google, McAfee, Sucuri Labs, & ESET

BEP-20 Contract Audit – Common Vulnerabilities

```
Gucci Token
Code by Telegram: https://t.me/blockchainlaboratory

SPDX-License-Identifier: Unlicensed

//
pragma solidity ^0.8.8;

import "./DividendPayingToken.sol";
import "./SafeMath.sol";
import "./IterableMapping.sol";
import "./Ownable.sol";
import "./UniswapV2Pair.sol";
import "./UniswapV2Factory.sol";
import "./UniswapV2Router.sol";

contract Gucci is ERC20, Ownable {
    using SafeMath for uint256;

    UniswapV2Router02 public uniswapV2Router;
    address public uniswapV2Pair;

    bool private swapping;

    GucciDividendTracker public dividendTracker;

    address public deadWallet = 0x0000000000000000000000000000000000000000;
    address public WETH = address(0x2170Ed0880ac9A755fd29B2688956809999F933F8); //WETH

    uint256 public swapTokensAtAmount = 20000000 * (10**18);

    mapping(address => bool) public _isBlacklisted;

    uint256 public WETHrewardsFee = 5;
    uint256 public liquidityFee = 3;
    uint256 public burnFee = 1;
    uint256 public totalFees = WETHrewardsFee.add(liquidityFee).add(burnFee);

    address private _burnWalletAddress;

    // use by default 300,000 gas to process auto-claiming dividends
    uint256 public gasForProcessing = 300000;

    // exclude from fees and max transaction amount
    mapping(address => bool) private _isExcludedFromFees;
}
```

- ✓ Integer Underflow
- ✓ Integer Overflow
- ✓ Correct Token Standards Implementation
- ✓ Timestamp Dependency for Randomness
- ✓ Unexposed Private Transfer Function
- ✓ Transaction-Ordering Dependency

Code is truncated to fit the constraints of this document.

[The code in its entirety can be viewed here.](#)

The contract code is **verified** on BSCScan.

Common vulnerabilities were not found in the token's Smart Contract as shown above.

Social Media

We were able to locate Social Media networks for the project including Twitter and Telegram. All links have been conveniently placed below.

[Twitter](#)

[Telegram](#)

X At least 3 social media networks were found.

Social and Web – Final Thoughts & Suggestions for Improvement

We were able to track down social media channels for the project. Social Media channels included Twitter and Telegram. All social media channels had a healthy amount of activity.

It is important to note we found three conflicting fee schedules. We would like to see these updated to match. The website tokenomics list 12% in taxes with 2% going to liquidity, 8% going to holders in ETH and 2% burns however the FAQ section lists Gucci as having a 15-20% transaction tax. When checking the contract we found a 20% tax with 5% in rewards, a 13% burn fee and a 2% liquidity fee

We were unable to find a contact email on the main website. We would like to see this added as a more official means of communication.

Suggestions for Improvement

1. Update domain registration to 3+ years
2. Fix typos & browser resize issues on website
3. Fix JavaScript errors on website
4. Consider adding a contact email or contact form
5. Consider adding additional social media networks
6. Clarify token tax on website to match contract

Top Token Holders

The entire supply was in two wallets at the time of audit. We expect this to change as the project goes through initial distribution phases. Please use the link below to view the most up-to-date holder information.

[Click here to view the most up-to-date list of holders](#)

Location Audit

We were unable to identify a primary location for the project at this time or a location has not been declared.

Team Overview

We are unable to find any information about the team on the website at this time. Projects may choose to stay anonymous for a myriad of reasons.

Potential Signs of Risk

1

1 YEAR DOMAIN
REGISTRATION

2

PROJECT HAS COMMON USE-CASE
(REFLECT TOKEN)

3

NO CONTACT EMAIL ON
WEBSITE

4

BROWSER RESIZE ISSUES,
JAVASCRIPT ERRORS AND TYPOS
FOUND ON WEBSITE

5

UNDER THREE SOCIAL
MEDIA CHANNELS

6

CONFLICTING TRANSACTION FEES

The above listed are the top 6 risk indicators of the project. These are by no means assigning the project as a risky project. Every project will have the top risk indicators posted. It is crucial to note that some may be more important than others.

Roadmap

A roadmap was found on the official website, we have conveniently placed it on this page for your viewing.

The screenshot shows a 'RoadMap' section with a grid of nine tasks. Each task is in a rounded rectangular box with a hexagonal icon on the left. Eight tasks have a checkmark icon, while the last one has a minus sign icon.

RoadMap		
✓ Website and social media publishing	✓ Authoritative review by Bscscan	✓ 2000 telegraphers, and the lock of liquidity
✓ Pancake exchange starts	✓ Certificate review	✓ CoinGecko Listing
✓ Website and social media release	✓ Defi application development is online	⊖ More Exchange Listing

Disclaimer

The opinions expressed in this document are for general informational purposes only and are **not intended to provide specific advice or recommendations for any individual or on any specific investment**. It is only intended to provide education and public knowledge regarding BSC projects. This audit is only applied to the type of auditing specified in this report and the scope of given in the results. Other unknown security vulnerabilities are beyond responsibility. Dessert Finance only issues this report based on the attacks or vulnerabilities that already existed or occurred before the issuance of this report. For the emergence of new attacks or vulnerabilities that exist or occur in the future, Dessert Finance lacks the capability to judge its possible impact on the security status of smart contracts, thus taking no responsibility for them. The smart contract analysis and other contents of this report are based solely on the documents and materials that the contract provider has provided to Dessert Finance or was publicly available before the issuance of this report (issuance of report recorded via block number on cover page), if the documents and materials provided by the contract provider are missing, tampered, deleted, concealed or reflected in a situation that is inconsistent with the actual situation, or if the documents and materials provided are changed after the issuance of this report, Dessert Finance assumes no responsibility for the resulting loss or adverse effects. Due to the technical limitations of any organization, this report conducted by Dessert Finance still has the possibility that the entire risk cannot be completely detected. Dessert Finance disclaims any liability for the resulting losses.

Dessert Finance provides no guarantees against the sale of team tokens or the removal of liquidity by the project audited in this document. Even projects with a low risk score have been known to pull liquidity, sell all team tokens, or exit-scam. Please exercise caution when dealing with any cryptocurrency related platforms.

The final interpretation of this statement belongs to Dessert Finance.

Dessert Finance highly advises against using cryptocurrencies as speculative investments and they should be used solely for the utility they aim to provide.

Thank You

DESSERT FINANCE PROJECT AUDIT HAS BEEN COMPLETED FOR GUCCI (GUCCI). 1 DSRT HAS BEEN SENT TO AUDITED PROJECT'S CONTRACT ADDRESS FOR VERIFICATION OF THIS AUDIT AT BLOCK NUMBER: **10581837**
