INITIAL DISCLAIMER

Dessert Finance provides due-diligence project audits for various projects. Dessert Finance in no way guarantees that a project will not remove liquidity, sell off team supply, or otherwise exit scam.

Dessert Finance does the legwork and provides public information about the project in an easy-to-understand format for the common person.

Agreeing to an audit in no way guarantees that a team will not remove ***all*** liquidity (“Rug Pull”), remove liquidity slowly, sell off tokens, quit the project, or completely exit scam. There is also no way to prevent private sale holders from selling off their tokens. It is ultimately your responsibility to read through all documentation, social media posts, and contract code of each individual project to draw your own conclusions and set your own risk tolerance.

Dessert Finance in no way takes responsibility for any losses, nor does Dessert Finance encourage any speculative investments. The information provided in this audit is for information purposes only and should not be considered investment advice. Dessert Finance does not endorse, recommend, support, or suggest any projects that have been audited. An audit is an informational report based on our findings, We recommend you do your own research, we will never endorse any project to invest in.

DessertDoxxed

DessertDoxxed is a KYC service offered by Dessert Finance that allows projects to do a private face reveal matched with an I.D to allow founders / team members to privately Doxx themselves to Dessert Finance.

Team Overview

The following information about the team was found on the projects website.

William S.
Founder - CEO

"William is the CEO, he manages a lot of things, he's a movie fan, don't say anything bad about Once Upon a Time in the Bronx, he can argue about it for hours. Really..."

Tao X.
Founder - Lead developer

"Tao is in charge of front-end development. He's the number one fan of DIY and always gives a helping hand by building and repairing things for others. Don't talk to him about fishing, he hates it..."

Jake D.
CTO - Software Engineer

"Jake is in charge of back-end development. He loves playing chess and is also a fine gourmet. If you can make him laugh, he will like you..."

Taylor D.
Solidity Engineer

"Taylor is in charge of smart contract development. He admits that he often wastes his time on Youtube and Twitter. He's the oldest member on the team but he is not the laziest..."

Adam K.
React Senior

"Adam is in charge of the development of the application. He's passionate about nature and animals. He spends a lot of time outside with his dog Paco and likes to talk to him..."

Michael M.
Digital Marketing Lead

"Michael is in charge of all the marketing. He's funny and loves to make Jake laugh, which puts the team in a good mood. His weakness? He's bzzz bzz bzz..."
