INITIAL DISCLAIMER

Dessert Finance provides due-diligence project audits for various projects. Dessert Finance in no way guarantees that a project will not remove liquidity, sell off team supply, or otherwise exit scam.

Dessert Finance does the legwork and provides public information about the project in an easy-to-understand format for the common person.

Agreeing to an audit in no way guarantees that a team will not remove **all** liquidity ("Rug Pull"), remove liquidity slowly, sell off tokens, quit the project, or completely exit scam. There is also no way to prevent private sale holders from selling off their tokens. It is ultimately your responsibility to read through all documentation, social media posts, and contract code of each individual project to draw your own conclusions and set your own risk tolerance.

Dessert Finance in no way takes responsibility for any losses, nor does Dessert Finance encourage any speculative investments. The information provided in this audit is for information purposes only and should not be considered investment advice. Dessert Finance does not endorse, recommend, support, or suggest any projects that have been audited. An audit is an informational report based on our findings, We recommend you do your own research, we will never endorse any project to invest in.

DessertDoxxed

DessertDoxxed is a KYC service offered by Dessert Finance that allows projects to do a private face reveal matched with an I.D to allow founders / team members to privately Doxx themselves to Dessert Finance.

Contract Code Audit – Contract Ownership

Contract Ownership has not been renounced at the time of Audit

The contract ownership is not currently renounced.

We have placed the contract owner address below for your viewing:

0x7d5f14faa1644b518945171b3200d13136956217

The address above has authority over the ownable functions within the contract.

This allows the owner to call certain functions within the contract. Any compromise to the owner wallet may allow these privileges to be exploited.

We recommend:

-Establishing a Time-Lock with reasonable latency

-Assignment of privileged roles to multi-signature wallets

Liquidity Ownership – Locked / Unlocked

No locked liquidity information has been found.

This page will contain links to locked liquidity for the project if we are able to locate that information. Locked liquidity information was not found on the project's website.

Contract Code Audit – Mint Functions

This Contract Cannot Mint New SRISE Tokens.

We do understand that sometimes mint functions are essential to the functionality of the project.

A mint function was not found in the contract code. Please note that this is a rebase token so the supply may change when rebase is triggered.

Contract Transaction Fees

At the time of Audit the transaction fees ("tax") listed below are the fees associated with trading. These fees are taken from every buy and sell transaction unless otherwise stated.

Roadmap

The roadmap was found in the [whitepaper](#) and is shown below.

Before Launch

- Establishing the Website, Discord, and Whitepaper
- Launching of the front-end social media accounts (Twitter)
- Getting KYC'd and Audited by the highly respected Dessert Finance
- Starting with Twitter marketing (Crypto twitter influencers and call pages to attract initial members of the Sunrise community onto our discord server) - Heavy marketing (20k USD minimum)
- Approaching Multiple Crypto youtubers (those in the passive income space, who would greatly benefit Sunrise Finance)
- Introduce initial Sunrise Dapp
- Heavy telegram marketing (From the most respected call channels to smaller communities) - we will be everywhere up to presale and launch.
- Collaborating with other projects
- Conducting the Sunrise Finance presale (in BUSD)

Q2 (as launch is end of Q1) ↺

- Heavy Youtube, Twitter and Telegram marketing (outsiders will get sick of seeing Sunrise finance lol) - Marketing is the most important for Titano/Safuu forks after launch
- Upgrade the main Sunrise Finance Website
- Introduce a more upgraded DAPP
- CMC & COINGECKO listing
- Poocoin ads
- BSCSCAN ads
- Explore chinese marketing
- Build a stronger community (giveaways, challenges, community tasks)
- Introduction of a referral system
- Further audits
- Explore opportunities of expanding to other blockchains.

It is only intended to provide education and public knowledge regarding projects. This audit is only applied to the type of auditing specified in this report and the scope of given in the results. Other unknown security vulnerabilities are beyond responsibility. Dessert Finance only issues this report based on the attacks or vulnerabilities that already existed or occurred before the issuance of this report. For the emergence of new attacks or vulnerabilities that exist or occur in the future, Dessert Finance lacks the capability to judge its possible impact on the security status of smart contracts, thus taking no responsibility for them. The smart contract analysis and other contents of this report are based solely on the documents and materials that the contract provider has provided to Dessert Finance or was publicly available before the issuance of this report (issuance of report recorded via block number on cover page), if the documents and materials provided by the contract provider are missing, tampered, deleted, concealed or reflected in a situation that is inconsistent with the actual situation, or if the documents and materials provided are changed after the issuance of this report, Dessert Finance assumes no responsibility for the resulting loss or adverse effects. Due to the technical limitations of any organization, this report conducted by Dessert Finance still has the possibility that the entire risk cannot be completely detected. Dessert Finance disclaims any liability for the resulting losses.

Dessert Finance provides no guarantees against the sale of team tokens or the removal of liquidity by the project audited in this document. Even projects with a low risk score have been known to pull liquidity, sell all team tokens, or exit-scam. Please exercise caution when dealing with any cryptocurrency related platforms.

The final interpretation of this statement belongs to Dessert Finance.

Dessert Finance highly advises against using cryptocurrencies as speculative investments and they should be used solely for the utility they aim to provide.
