

The logo for Dessert Finance, featuring the word "DESSERT" in white uppercase letters inside a purple rectangular box, followed by the word "finance" in white lowercase letters to its right, all set against a dark grey background.

The audit for this project has been revoked. We have been contacted by a member involved in this project closely and have reason to believe that the developers are using our audit as an excuse to steal funds and mentioning that our audit was unable to find the exploit used.

We have gone through their contract and were unable to find an exploit, only contract ownership permissions which would allow the contract owner to exercise control. We believe the developers used the ownership privileges to steal funds. The contract was NOT renounced allowing them to do so.

We have tried to contact their team and have not been met with any replies in details to this “exploit” they mention. Please exercise extreme caution when dealing with this project.

It is important to know that the team refused to do a doxx with us.

If you have any additional information that we can use to help the community please reach out to us on twitter (@dessertswap), telegram (@dessertswap), or email [hello@dessertswap.finance](mailto:hello@dessertswap.finance)

Dessert Finance is ready and willing to work with any local enforcement with any information we may have to help make sure the alleged scammers are found and dealt with properly.
